LODGE COMMITTEE VOTES TO GO TO THE WHITE HOUSE FOR TESTIMONY ON TREATY

Wilson Asked to Name the Time When He Will Receive the Senators.

WON'T CALL COL. HOUSE

Gen. Bliss and Henry White Also Excused—Other Witnesses Called.

WASHINGTON, Aug. 14.—After a two hour discussion to-day the Senate Foreign Relations Committee decided to notify President Wilson that it would call on him at the White House, at his convenience, to discuss the Peace Treaty.

In deciding to request a conference with President Wilson, on which there was no committee vote, it was agreed that all information secured from the President should be made public. There was no indication at the White House when the President would receive the committee. To inquire Secretary Tumulty said: "We have no comment to make."

The committee also decided to call before it E. T. Williams, S. K. Hornbeck and William C. Bullitt, who resigned as advisers to the American Peace Commission at Paris because, it has been reported, they disagreed with decisions by the Conference.

A motion to call Col. House, Gen. Bliss and Henry White, American delegates to the Peace Conference, was voted down 9 to 8, Senators McCumber, North Dakota, and Harding, Ohio, Republicans, voting with the Democrats.

Members of the committee voting to call Col. House and other American Commissioners were Senators Lodge, Borah, Brandegee, Felt, Knox, Johnson, New and Moses, all Republicans.

Speculation at the Capitol as to the purpose of the Committee in requesting that the President receive it revolved around the subject of reservations to the treaty and the League covenant. Before the Committee acted it had been intimated at the White House that the President had not changed his attitude against reservations.

No date was fixed for reopening the hearings with Messrs. Bullitt, Williams and others. Some of those to be called are not in this country, but will be invited to attend as soon as they are available. All of the hearings will be open, Chairman Lodge announced.

Besides Bullitt, Hornbeck and Williams, the committee decided to call Dr. John C. Ferguson and Thomas F. Millard, regarded as authorities on Chinese and Japanese affairs.

In agreeing to call on the President, the Committee accepted an informal invitation transmitted by Senator Hitchcock, the Administration leader, a few days after Mr. Wilson laid the treaty before the Senate. It was said the invitation never had been discussed at length in the committee until to-day.

The suggestion that the Committee go to the White House was understood to have been made by Senator Johnson. Several members, including Senator Borah, were understood to have objected if the talk with the

MAYS REINSTATED ON YANKEES TEAM BY A. L. DIRECTORS

Johnson's Protest at Overruling of His Action Placed on File.

Carl Mays, pitcher in the New York American baseball team, who was suspended by President Sam Johnson, was reinstated this afternoon at a meeting at the Hotel Biltmore, by the votes of the following Directors in the American Baseball League: Col. Jacob Ruppert, of the Yankees; Charles Comiskey, of the Chicago White Sox, and Henry Frazee, of the Boston Red Sox. James Dunn, Director of the Cleveland Indians, did not appear.

A letter from Sam Johnson was received in which he protested the right of his fellow directors to take the action which they did. Johnson is an ex-officio member of the Board and his communication was duly noted and filed.

DETROIT, Aug. 14.—Col. T. L. Huston, part owner of the New York American League Club, obtained an injunction in Circuit Court here today restraining President B. B. Johnson, "or any of his agents," from interfering with the use of Pitcher Carl Mays in the series which opens here this afternoon between the New York and Detroit teams.

TRACING FAKE S. O. S. CALL THAT REPORTED SHIP CRASH

Vessels Said to Be Damaged Off Sandy Hook Are Both Safe at Anchor.

Naval Communication officers, in control of all wireless, are trying to trace to-day a "fake" S. O. S. that reported two ships in collision off Sandy Hook. The message was received at the Sandy Hook Station early this morning and relayed here.

According to the S. O. S., the steamship Point Judith, owned by W. R. Grace & Co., and the steamship John Blumer, owned by the World Shipping Co., were in collision about midnight. The John Blumer was reported returning to port with the assistance of tugs. Her owners reported her anchored off the Statue of Liberty last night awaiting cargo.

W. R. Grace & Co. report the Point Judith has been anchored down the Bay several weeks awaiting cargo.

Naval Communication officers believe an amateur operator is responsible for the radio.

BILLION IN WAR INSURANCE.

That Amount Paid to Kin of U. S. Soldiers and Sailors.

WASHINGTON, Aug. 14.—Insurance awards made to relatives of soldiers, sailors and marines killed in the war passed the \$1,000,000,000 mark to-day, the War Risk Insurance Bureau announced.

ARTIST CHRISTY TO MARRY MODEL FOR WAR POSTER

Gets License to Wed Young Widow Who Posed for His "Americans All."

NANCY PALMER BRIDE.

Illustrator and Former Wife Divorced in June After Long Estrangement.

The pretty young woman in one of the most popular of all the war posters—"Americans All"—is about to become the wife of the distinguished artist who painted it, Howard Chandler Christy.

Her name is Nancy May Palmer, she is twenty-six years old and, although originally of Poughkeepsie, she makes her home at the Hotel Marie Antoinette.

Mr. Christy and Mrs. Palmer obtained a license to-day. They will be married by the Rev. Dr. Jefferson in the Broadway Tabernacle at Broadway and 58th Street, attended by Miss Consuelo Flowerston as bridesmaid and Commander Baughman, U. S. N., of the Imperator as best man. The guests will be few but among them will be Mr. and Mrs. Robert Edson and Miss Margaret Sutton of Zanesville, Ohio, the artist's native city.

For the past eight years Mrs. Palmer, a young widow, has been the artist's favorite and almost only model. Everybody in America has seen and admired her beautiful features in Red Cross posters. Another that was popular was "I Want You" (for the Navy).

"I haven't had a day off since I began on war work," the artist said this afternoon at his studio in West 67th Street.

Asked where "they" intend to go, he smiled and said "Into the Realm of Happiness," but declined to be more definite.

Mrs. Palmer did not want to talk beyond saying "I'm too happy."

Mr. Christy first married soon after coming back from Cuba and the Spanish war, Mabelle Thompson, the daughter of an army officer. Some accounts have called her the "first Christy girl." One child was born to them, a beautiful girl named Natalie, who now must be all of seventeen.

The Christys were divorced last spring.

What started the trouble between the Christys never was made quite clear, but the public first heard of their differences when Mrs. Christy declared that she would not live in Zanesville, O. She wanted excitement and entertainment, she said.

Christy insisted that he did his best work in Zanesville, where he had built "The Barracks," a studio-home, on the farm on which he was born. From time to time there were reports that the couple had become reconciled, only to be followed by stories of further rifts. They were in and out of the courts a lot over Natalie.

In June of this year, at Zanesville, Mr. Christy was granted a divorce on the ground of "willful absence for a period of three years." On the 27th of that month Mabelle Thompson Christy married Leslie Canfield Ferguson, a New York attorney.

View the City from the WORLD RESTAURANT.

Special for To-day, Thursday, Aug. 14, 1919. London broil, with French fried potatoes, 40c. Broiled salmon, maitre d'hotel, 40c. Table d'hôte dinner, 75c. Open week days from 7 P. M. to 2 A. M. Sunday from 11 A. M. to 2 A. M. 245 West, World Building, 4th St.

INTERBOROUGH MEN WANT ANOTHER INCREASE IN PAY

Raise Only Beginning of What Is Expected—Shea Calls Letter Strike Threat.

The ten per cent. wage increase granted by the Interborough yesterday to its operating employees is only the beginning of what the men expect to get and of what they say the company has promised them.

It is also the beginning of what looks like a highly interesting fight between the Brotherhood of Interborough Employees and the Amalgamated Association, which recently tied up Brooklyn. And it marks a new attack on the city administration.

Leaders of the Brotherhood announced this morning that the company has promised to give them all the benefits that the B. R. T. men may win as a result of their strike and the present arbitration of it. And at the same time a letter was made public, in which the leaders of the Brotherhood "demand of the General Manager that he dismiss any employee found active in organizing the men into the Amalgamated Association or any other outside labor organization."

A circular letter from P. J. Conolly, Acting President of the Brotherhood, was received to-day by each member.

SHEA CALLS BROTHERHOOD ANSWER A STRIKE THREAT.

P. J. Shea, executive officer of the Amalgamated Association of Street and Electric Railway Employees, said the answer to the Interborough

HUGE WAVES DRIVE 100 GUESTS FROM BIG CONEY HOTEL

Sea Tears Away Bathhouse, Boats and Fences at Resort.

DRIFTING BOYS SAVED.

Taken Off After Night of Terror in Crippled Launch in Sound.

More than 100 guests fled from the Majestic Hotel at the foot of West 20th Street, Coney Island, before daylight this morning when huge waves swept along the shores of the resort and carried away a part of the hotel's bathing house. The rush of the sea carried away about 200 feet of the Seaside House fence, two life boats from the Seaside Park Beach Station, and all the portable stands that are used along the beach front between Manhattan Beach and Sea Gate.

A high east wind was blowing all night and an unusually high tide was running. It swept over the Sea Gate bulkheads into the streets and flooded the point of the island. The bulkhead at the foot of Ocean Parkway was also swept over and the Brighton Bulkheads were overrun and the boardwalk flooded by the breaking seas.

On Surf Avenue from West 25th to West 37th Street, much water was carried over by the high wind, wetting pedestrians and passengers in street cars. Seaside Park from West Fifth Street to Brighton Beach was partly inundated.

BOYS ARE SAVED FROM DRIFTING LAUNCH.

After they had been adrift for sixteen hours in a thirty-foot motor boat in Long Island Sound, two boys were rescued this morning by A. Miller and E. LaBar, life savers of the Orchard Station, City Island. The life savers waded and swam out to the disabled boat while it was close to shore and took off the occupants, Thomas B. Booz, nineteen, No. 225 West 123d Street, and Frank Grenzac, also nineteen, No. 145 West 123d Street.

The two boys left Clason's Point yesterday morning in the boat Imp for Fairfield Beach, Conn. At 3 o'clock in the afternoon the engine went dead. A heavy storm came up and the wind rose to sixty miles an hour, whipping the Sound into a fury.

The Imp drifted down the Sound, the two boys helpless to direct it. At one time the craft was close to Northport Harbor, L. I. and the boys rigged a towline to a pole and waved it frantically. Several persons on shore noticed the signal and waved in return, but owing to the heavy surf, were unable to put out a rescue boat.

PASS STEAMERS, BUT CAN GET NO HELP FROM THEM.

Booz and Grenzac donned life preservers, determined to try to swim ashore, but the sea was too rough. Their little boat passed Sound steamships and two schooners, but these vessels also feared to launch a boat and could not go close enough to take the boys off.

Exhausted by anxiety and hunger, the boys went into the cabin to rest, trusting to fate to bring them ashore. At four o'clock this morning the patrol on the beach at City Island posted by Commodore Edward Otto

FEDERAL AGENTS DISCOVER SECRET STORES OF EGGS, CHEESE, BUTTER AND COFFEE

Owners of Warehouse Here, Where Hoarded Food Is Located, Summoned Before U. S. District Attorney—Swann Subpoenas Milk Conference Board Members.

Ben A. Matthews, Assistant United States District Attorney, announced this afternoon that special agents of the Department of Justice have discovered "tremendous quantities of cheese, eggs, butter and coffee" hoarded in New York City warehouses.

Without going into figures as to the amounts found, Matthews declared that the owners of the warehouses have been summoned to his office, where he expects to get from them evidence which will be presented to the Federal Grand Jury.

Matthews declined to "try the cases in advance," but intimated that the Secret Service men had obtained evidence that may put somebody in jail—and somebody more important than the corner grocer.

District Attorney Swann sent subpoenas to members of the New York Milk Conference Board directing them to appear at his office tomorrow with facts and figures bearing upon the recent advance in the price of milk and general conditions in the milk industry.

The District Attorney has discovered that great quantities of food products are stored in New York City in buildings which are not licensed warehouses and which bear no outward evidences of their utilization for storage purposes. He has asked Police Commissioner Harbort to instruct precinct commanders and patrolmen to report all such buildings with the names of the owners or lessees.

Whatever evidence is gathered by the warehouse and milk inquiries will be placed in form for presentation to a special grand jury, Mr. Swann does not believe a special grand jury will be necessary. He plans to use the Grand Jury sworn in by Justice Weeks for an investigation into conditions of anarchy in New York County.

GOV. SMITH TO ASSEMBLE FOOD COMMITTEES.

Gov. Smith took steps to assemble all the various Federal, State and municipal officials and committees working to reduce the high cost of living and regulate the price of food products for purposes of coordination and to avoid duplication of effort. It appears to Gov. Smith that the Board of Health of New York City should be put in charge of all regulatory measures.

"Under the law," said the Governor, "the Board of Health has almost unlimited police powers in the matter of public health. Surely an insufficiency of food from whatever cause is a matter of public health. I may be wrong but I am of the opinion that, through the Board of Health, we may come upon a solution of the problem."

"State officials or bodies dealing with this subject have found that in matters of regulation they are limited in their scope of action by statute. There are no statutory limitations upon possible action by the Board of Health. There are so many different officials and organizations and committees working on this food question that their effectiveness is lost. To get results we will have to coordinate our attack, and for that reason
